Heat Your Entire House From One Register

SIMPLE — WARM — COMFORTABLE

Just this one large register. The hot air comes up through the center circle and the cold air goes down the other compartment between the circle and the border. It's right over the **Quaker Pipeless Furnace**.

More heat—and just where you want it—always ready. To warm that cold room, just open the door. The

Quaker Pipeless Furnace

has no pipes, no bulky cold air returns. Your walls are not torn up, no cellar is too small.

Will burn any fuel. Particularly adapted to soft coal. Special humidifier keeps the air always moist.

The furnace is built of heavy boiler plate steel, no cemented joints to leak gas, dust or soot. Fire pot lined with high-test fire brick, capable of withstanding 3400 degrees of heat. An abundance of clean, pure warm air sent to every room. Simpler than a stove to operate, cleaner, more saving of fuel, and much more healthful.

Sends heat to every room in the house. Ventilates as well as heats. Changes and purifies the air to every room. Keeps the cellar cool for fruit and vegetable storage.

Arrows show direction
of air currents

Commercial Printing of All Kinds

There is just as much difference in the **STYLE** of printed matter as there is in the style of clothes. And the right **STYLE** helps to put the message over—helps to give the proper effect—helps to **REPRESENT** the **SENDER** as he wants to be represented.

Our printing has the right style.

It costs no more to mail **GOOD** printed matter than poor—but the results are **VERY MUCH DIFFERENT**.

Catalog Makers

Our experience in this line is extensive, our equipment ample. We can take up your catalog at **ANY** point, and carry it to completion.

Our service includes compiling, planning, editing, illustrating, printing, binding, wrapping and mailing. You can use any part of it that fits your needs.

Legal and Professional Printing

On Appeal Books our service is especially appreciated, because we can do **QUICK** work, and **WE DELIVER WHEN WE SAY WE WILL**.

Our proofreading room is dependable. You'll find very few errors, if any, in the proofs we send you.

Professional printing of all kinds, particularly that of a scientific or technical nature, is not easily found—done the right way. Our experience in this line enables us to give our customers complete satisfaction.

**Proper Equipment and
the Right Spirit**

102 AVENUE

THE DOUGLAS

Service-Delivery

Loose Leaf Devices of All Kinds

Ledgers, Cash Books, Synoptics, Columnar Books, Sheets, Transfers, Binders—whatever is needed in a business office, for accounting work.

We make sheets for any binder, and binders for any sheets.

We carry in stock at all times a complete line of standard Loose Leaf sheets.

We can assist you in designing special systems, or adapting your present system to meet more exacting requirements.

Blank Books

Our stock of standard Blank Books is very comprehensive. But if you do not find what you want, or if special ruling and printing is required, we can make up promptly anything you may order.

Douglas books and systems of account are leaders throughout all Western Canada.

Complete Advertising Service

The printed word is so essential in the field of sales promotion, that practically no printed matter should be put out without having the scrutiny, and, if necessary, the editing, of someone trained in the theory and practice of advertising.

If you do not have an experienced advertising man in your organization, put it up to us to see that your printed matter is RIGHT, from the advertising standpoint.

We are prepared to plan, write, illustrate, as well as print, good advertising—advertising that has the appearance, the snap, and the “punch.”

Consult us on any matter of direct advertising. It is to our interest, as well as yours, that your printed matter shall bring RESULTS.

Introductory

THE PUBLISHERS take pleasure in presenting herewith the Fourteenth Annual Edition of Henderson's Edmonton Directory, embracing the area of GREATER EDMONTON, comprising the territory of the City proper, South Edmonton (formerly Strathcona), North Edmonton, Calder, Beverly, and all adjoining subdivisions, suburbs and environs.

The Advertising Department presents the names of corporations, firms and individuals who are making Edmonton the great city that it is, and who are a power in the financial, industrial, and commercial world of Western Canada.

The Miscellaneous Section in the front part of the volume, containing up-to-date statistics and information, much of which is not to be found elsewhere in print.

The value of the street section is not appreciated, perhaps, by some who desire to find a certain house on a street unfamiliar to them to the extent it should be. By application of the following example the location of any street number can be found expeditiously: Suppose 11215 65th Street is wanted: refer to street section 65th Street—glance down to 11215, then to the nearest intersection to 11215. It will be found that this number is on the east side of the street, two houses north of 112th, between 112th and 113th Avenues.

The Classified Directory contains a complete alphabetically arranged list of all articles manufactured and sold in Edmonton, which forms a most efficient wholesale and retail buyer's guide.

The Directory this year contains more pages, but is not as large as the previous edition, owing to the fact that thinner paper has been used.

The Edmonton Directory is placed in the Directory and Public Libraries throughout the United States and Canada, where it serves the public as a valuable book of reference and the city it represents as a splendid standing advertisement, for no other publication can convey such an idea of the city, its business interests and all the various institutions and organizations. Few people realize what splendid publicity this affords the City and its Industries.

The Directory method of estimating population is to multiply the individual names the Directory contains by a common multiple. The figures given below are more in the nature of a calculation. A complete census only can give definite and accurate figures.

1919 POPULATION OF GREATER EDMONTON, 66,231

These figures deal with Greater Edmonton, and are an estimate only, based upon the number of names the Directory contains. It is not a census.

The Publishers desire to thank their patrons and the general public for the courtesy extended at all times to their representatives, and to say that they fully appreciate the confidence which the business and professional men of Edmonton have always shown in their publications.

PART I

Greater Edmonton

Incorporated in 1901 when it had only about 3,000 inhabitants, the city of Edmonton has grown to such an extent as to now number over 60,150.

Edmonton is the chief distributing point in a territory of 200,000 square miles and has also a marvellously rich tributary country at the north and west.

Edmonton has taken time by the forelock in the matter of public parks and has 801 acres of land for this purpose.

The city is spreading out industrially; there are enormous coal beds directly under Edmonton, and thirty mines are worked. Industrial sites, at low rental, are leased by the city, which supplies power, light and water at cost. Apart from these mines, borings for natural gas are now being made and there seems no reason to doubt that this valuable asset to a city will be added to the already large number of important attributes which Edmonton enjoys.

Edmonton municipally owns and controls its water and lighting systems, as well as its street railway franchise, all being under the management of its commissioners. The telephone system belongs also to the city.

As the capital of the province and its educational centre, Edmonton has twenty excellent public schools, equipped with the most modern requirements and follow approved educational lines from

primary to collegiate grades. There are four good colleges for higher education—the University of Alberta, Robertson Presbyterian, the Oblate Fathers' College and Alberta College, with an excellent preparatory school in the Westward Ho! School for Boys. The Alberta School and McTavish Business College give complete business courses of instruction.

Three great railway systems centre on Edmonton—the Grand Trunk Pacific, the Canadian Pacific and the Canadian National. The Canadian Pacific has built a high level bridge and terminal facilities at a cost of \$2,500,000. The Grand Trunk Pacific has finished its latest hotel at a cost of \$2,000,000.

Edmonton is the chief central point of the Edmonton, Yukon and Pacific Railway, the Dunvegan, Peace River and British Columbia and the Alberta and Northwestern Railway. These roads are under construction.

Already the home market swallows up all that is locally produced, and good prices are assured for those bringing their products into Edmonton. This industry could be better extended, as poultry and farm produce, vegetables and fruits have to be brought in from California and other places. No more profitable business could be indulged in than this.

Henderson's Edmonton Street and Avenue Directory

Including
Ready Reference Guides of Old and New Street Names,
for 1919

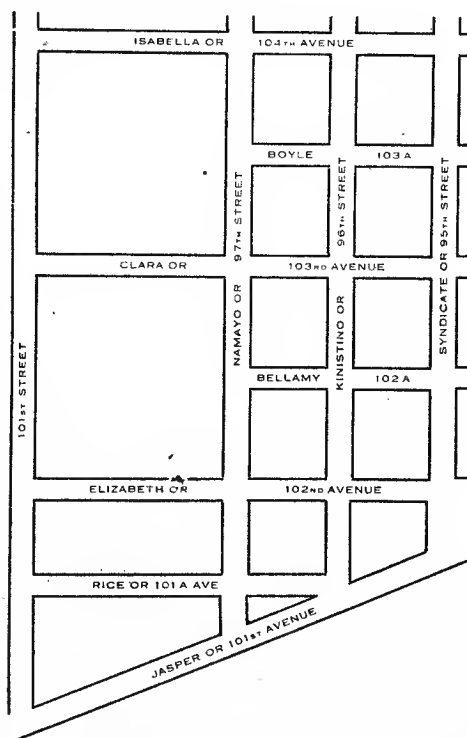

All Numerical System of Street Naming and House Numbering Plan

Streets run North and South, odd numbers South side ; Avenues run East and West, odd numbers East side.

Streets are numbered from the East. Avenues are numbered from the South. Old 1st Street is 101st Street. Jasper Avenue is 101st Avenue.

Short avenues and short streets have an A number.

The East and South have the small numbers. The North and West parts have large numbers.

The original names of the following Avenues and Streets have been retained in this issue of the Directory: Jasper Ave., Main St., Stony Plain Road, St. Albert Road, Fort Road, Saskatchewan Drive and a few lesser known streets.

Examples House Numbering

1. 10312 on 96th Street. 12 is the house number as it is the last two figures. 103 is the First Avenue south of that block on 96th Street.

2. 10348 on 95th Street. 48 is the house number, 103 is the Avenue south, 95th Street.

3. 9624 on 102nd Avenue. House No. 24, 96th Street is the first street east of that house. The house is between 96th and 97th Streets.

NOTE—The arrangement of the following Street and Avenue Directory is in numerical order, with avenues preceding streets. Avenues and streets not numerically named appear first in Alphabetical Order. The arrangement by directions is East, West, South and North.

Where the odd and even numbers on an Avenue or Street are separated, the South Side (odd numbers) on Avenues appear first, and the East Side (odd numbers) appear first on Streets.

BEAUTIFUL TYNDALL MARBLE

Photo of inscription Panel of Winnipeg's newest School cut in one solid block of Tyndall Marble

The Quarries producing this magnificent Stone were opened in 1917. The most Modern Plant in Canada was installed. Any demand can be promptly supplied

Large Solid

Dimension and Mill Blocks

All the highest quality with that beautiful grain

Rubble

Smaller Blocks for Houses and Foundations

Broken Stone

Crushed and Screened to any Specified Size

For Your New Residence—Why not have it built of TYNDALL MARBLE. There is not much additional cost

Ask us about it

Give your Order to your own Contractor. We will Supply him with the material. Call us up and talk it over.

Ground Lime Stone for

Fertilizer

The finest product known for sour or heavy land

Independent Quarries Limited

Office: 408 McArthur Building

Winnipeg, Man.

(over)

Note Color of Stone after 35 years exposure to Winnipeg climate. Compare this with any imported stone

**For any Class of Building
The Best Stone in the World is**

TYNDALL MARBLE

The color improves with age and weather, note the color in above photo, after 35 years. Imported stone grows dark and dirty in this climate.

Quarried in Canada

For all

Government Buildings

Schools

Banks

Churches

Office Buildings

Manufacturing Plants

House Building

Independent Quarries Limited

Office: 408 McArthur Building

Winnipeg, Man.

We are not Contractors or affiliated with any Contractor
